

## SEGMENTED MOB MEETING NOTES

### MELVILLE CLUBROOMS

Thursday August 3rd, 2023

Present – Syd Harvey, Noel Moyes, Ian Hamilton, Jon Braine, Tania Emmerson & Mike Phillips.

Apologies – Aiton Sheppard, Ross Flint, John Townsend and Colin Truscett.

#### WELCOME

Syd welcomed our elite little group and discussions continued on making the 3D trivet.

John Townsend is still recovering from another heart attack and although home still isn't feeling the best. Ross Flint is recovering from a severe chest infection. We wish them both a speedy recovery.

Ian Ludford also has our page set up on the WAWA web page the link to which is <https://www.woodturnerswa.org.au/segmenters/>

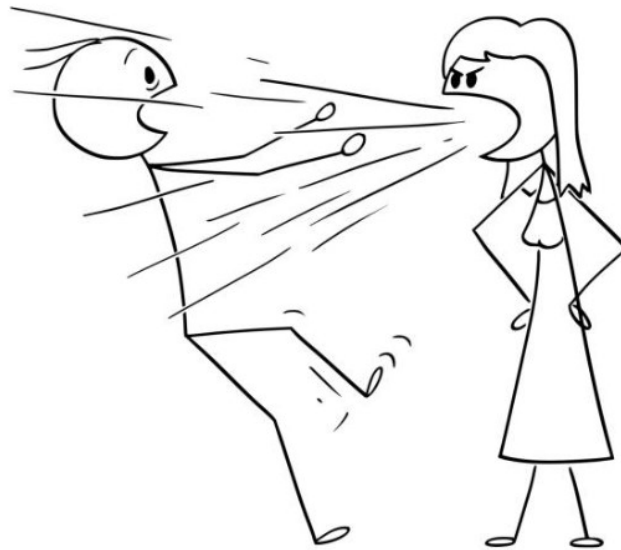

#### SUGGESTED PROJECTS

1. More hands on demonstrations.
2. Learning to make feature rings. (Basic through to advanced.)
3. Training video suggestions on website or YouTube.
4. Jig designs and specifications to use when preparing, cutting, assembling, or turning your project.
5. A team project from start to finish at meetings with all members being involved. This will then be sold for Seggie fund raising. Tania's artistic challenge may result in a suitable item for this.

#### AROUND THE TABLE

SYD – advised that he was awoken a couple of nights back after having a medical episode consisting of chest pains and pain down his right arm. He was leaving early today to have some tests done. He neglected to

inform Cheryl of his discomfort and it's therefore surprising he's still alive after she was told.

(UPDATE: Tests done, clear to go on holidays.)

Syd advised he will now be away from 9th to 31st August and put in his apologies.

NOEL - was told by his daughter that there was another way to make a feature ring, which he assured her with all of his worldly wisdom wouldn't work.

Apparently, you can teach an old dog new tricks!

The results are below, but we will need further information on how this was achieved.

IAN - has bought 3 more of the ice picks he showed for use in holding small parts for sawing or routing. Trevor Flynn bought 1, Jon Braine bought 1 and there is one left. Now \$8.00 each (Refer "Walnut Workshop" Ice pick for a Push Stick.)  
"Multi directional force for both forward and against the fence, small footprint, excellent grip between blade and fence."

He also has 2 more packs of 250ml OSMO Oil in a Stop Loss Bag for \$30.00.

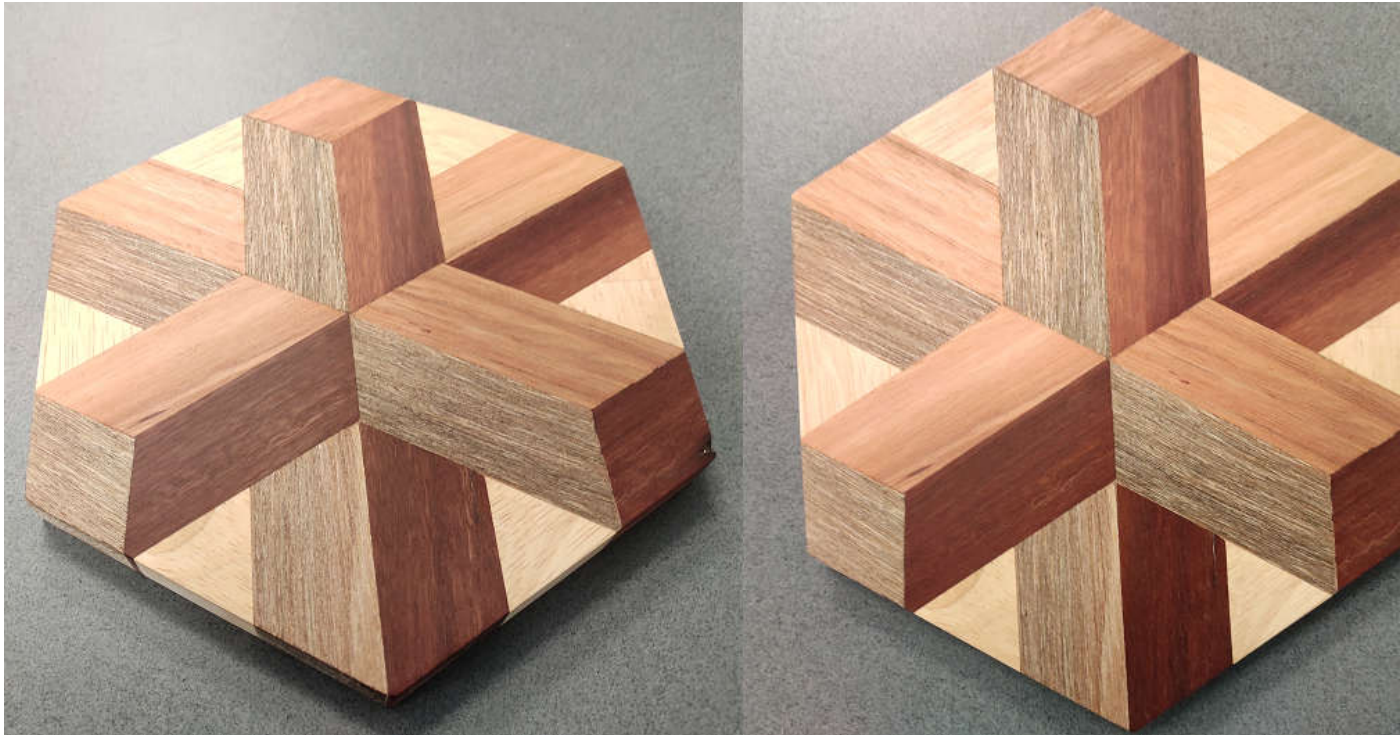

He has also ordered two of the Fonson Long version Thin Rip Guide as shown and used by Don Clarke at our last meeting. One for himself and one for Roger at a price of \$40.00 each.

TANIA - has produced a great example of the 3D trivet as shown below. You can see the effect from different viewing angles by using the wood colours in an opposite offset.

Tania also suggested she would like to do a segmented ball and so Syd will bring one in on his return to discuss as a possible project.

MIKE - was somewhat confused as he wasn't sure what it was we were making and so he proceeded to cut paper templates and join them with tape to achieve the shape. Tania put him on the right track by both showing and explaining her piece. He is apparently receiving our newsletters, but minus the diagrams. Ian will check his email address.

There wasn't much more achieved as David Milton was busy with cleaners checking out what to do and following that had the Swan guys discussing where Melville were housing their machinery, including some tucked into the shed.

### 2023 MEETING DATES

Apologies – Aiton is away 27th July until the 20th of August, and Syd is away 9th of August until the 31st August. Noel and Ross will open up the clubroom while Syd is away, and Ian agreed to do the notes while Aiton is away.

AUGUST – **Sunday 13th** and Thursday 24th.

SEPTEMBER – Sunday 3, Thursday 14 and Sunday 24.

OCTOBER – Thursday 5, Sunday 15, and Thursday 26.

NOVEMBER – Sunday 5, Thursday 16 and Sunday 26.

DECEMBER – Sunday 3 (not Thursday 7 as previously mentioned).  
Noel is arranging the annual wind-up, to be held at “The Seventh Avenue” pub in Midland.
