

SEGMENTED MOB MEETING NOTES
MELVILLE CLUBROOMS
Thursday 21 March, 2024

Present – Syd Harvey, Aiton Sheppard, Ross Flint (1035-1045), Stan Nolan (from 1030), Ivan Lucic, Mike Phillips, and David Bradley (Deputy Convenor, Melville, 1000-1025).

Apologies – Ian Hamilton, Noel Moyes and John Townsend.

WELCOME

Syd welcomed everyone to a quick meeting as only a few attended. The main point of discussion would be the Dumbb Shell Project and he would cut timber for those wanting this.

COMPETITION ITEMS 2024

The matching pepper and salt mills for the Swan WEW in April is the first item we will attempt. Aiton, Tania, Don, Ross and Syd will participate. We also agreed to do the Hollow form for the Mandurah competition in May. Aiton, Tania, Noel and Jon will participate.

DUMMY SHELL PROJECT

Specifications and the cutting list for Rottnest Island's Dummy shells have been sent in by Noel and circulated. Ivan has cut the staves for the shell casing which he gave to Syd after the last meeting. Syd has made up the casing – see photo at the end of these notes. Syd has also made up a 1402mm radius template for shaping the projectile which will be constructed from segmented rings. Assembling and finishing the project will be done at our meetings.

SUGGESTED PROJECTS

1. More hands on demonstrations.
2. Jig designs and specifications.
3. Team project from start to finish at meetings, especially for WAWA competition items.

AROUND THE TABLE

ROSS – popped in briefly with Aiton’s ‘skewee’ that he had shaped.

STAN – has a new phone number 0449 018 705. He will provide a family member’s email address for Aiton to use.

MIKE – is not receiving photographs. Aiton will print notes for him to discuss with Grace so their computer settings can be investigated.

SYD – will provide templates for the Soccer Ball project to Ivan.

The meeting adjourned to the shed where timber was cut to 30mm thicknesses for Aiton to make up segmented rings for the Dummy Shell projectile. Stan also had some timber cut by Syd.
