

Shown above are three Gravity Puzzles by Ian Moss. The two back puzzles are in sheoak with colour stained jacaranda inserts. The insert of the right puzzle has been removed and is sitting in front of it's base. The front puzzle is in jacaranda with a stained pine insert and has pyrographic decoration.

SCALE: Drawn to full size
All dimensions are in millimetres
(Check printer settings to ensure full size printing.)

Insert (side view)

Base (side view)

Blow across the top of the puzzle to lift the insert until you can grab it and pull it out of the box. Blowing air over the top reduces the air pressure immediately above the insert, causing it to rise.

Drawn by Richard Barkman (1842) JULY 2026
