THE PRESIDENT REPORTS

"We look back only to learn for the future"!

In doing so no one can but be amazed at the Associations growth from 17 founding members to in excess of 500 financial members in three years, because of the initiative, dedication and enthusiasm which can only be credited to one man, our immediate Past President Keith McQueen, who fully supported by our immediate past Secretary, carried the load for those three years, of course, as membership and activities grew so did the help and drive of others contribute.

Now is the time to bring the organisation up to date so that we can cope with this lusty creation. To streamline its activities by spreading the work load, instead of the few doing the lot, sub-committees consisting of sufficient members headed up by one of the Executive Committee, backed up by a deputy, will take over. All members will know who is responsible to see that a particular operation or function is scheduled--is organised--takes place! This allows for (we hope) forward planning, news letter Editor is given information so that members know in good time (3-4 months ahead) of forthcoming programmes.

We, your Executive have much to do, so be patient, be helpful, give us your suggestions and your desires for a continuing association of kindly, helpful members enjoying the fellowship, the sharing of skills, know how and the making of new and lasting friendships.

Pres. Geoff

EDITORIAL

Here's looking forward to a new year in our Association. Some amazing things have happened since Keith McQueen started us on this road to Excellence.

What I would like this year is a bigger input from the general membership. So brief and to the point letters. Some Turner to Turner tips. If we had enough of these it might be that we could print another special. In early days of the Association it was easier to put on interesting demonstrations and lectures on our weekend workshops, because everything was so new to us. Now we are in danger of repeating ourselves, which is okay for new members but we are in need of new ideas and new demonstrations. If any one is prepared to demonstrate, or if you know of someone who could, but is too modest to come forward please let Gordon Ward know. If you feel you can help any of the Chairman of the Committee please contact them, there is a lot of work to do, if things are to be done properly. This is not their Association it is yours.

Please respond to the survey enclosed in this newsletter, your response will be of great help to planning our future.

"BI-CENTENNIAL EXHIBITION OF EXCELLENCE"

It was! there is no doubt, an Exhibition of "Excellence" Complements came from far and wide. Take a look at the Visitors Book available at the next weekend meeting. None of this would have happened but for a number of dedicated association members and ladies.

Most of this has been said before but at the risk of repetition and the fear of missing someone, and the wrath of the Editor, I do feel it is important that comment be made.

First the small Committee that was set up worked like Champs. Milton Rundle who had so many contacts and resources, no wonder he is now our Secretary/Treasurer. John Lathwell who contributed in no small way by doing all our Art work, layouts, organised printing and did all the exhibit cards. Keith Stout who quietly said 'you cannot have it tomorrow' when asked to make the timber display case. Ivor Bridges who brought his editorial skills and persistants to bear on many matters and then made a replica of a 1870 German Wooden treadle lathe (our Logo) Keith McQueen loaned his 1901 Hobbie lathe and organised the roster for the lathe working on the lower level. Keith Johnson for displaying an English Hobbée lathe circa 1901. Dennis Eyett made up the many power leads required. Ern Margetts organised the rosters for the display area, kept everything under control and shared with the writer daily visits to the Exhibition, Ern also carried out a major part of the clean up, along with Keith Stout returning all the display modules, which he had brought down in the first place. Gordon Ward brought in the lathe, returned it to Kewdale, and in between took individual photoes of each exhibit as well as general photoes. Brian Launer who took Video film of the opening and general exhibition. My own family and others who handled the opening day refreshments. To our sponsor Bunning Forest Products for their generosity and assistance and to the owners of the very prestigious venue and their very helpful security personnel.

Who have I missed? there will be some.

Yes I knew there was, who could ever forget the work of Secretary Pam and Assistant Editor Sherry armed with paint brushes touching up all 45 modules and June assisting with various bits and pieces too!

Finally to my wife Gay and all those other ladies, thank you so much, to me a most rewarding experience of human resources and helpfulness. Not one person refused a request for help.

VENUE: BUNBURY CATHOLIC COLLEGE

ATTENDANCE: TURNERS - 82
HELPERS - 45

Three lathes were kept busy with demonstrations from Tom Kettle, Keith McQueen, Bob Malacari, and Special Speaker Ron Goodson who gave an interesting talk on Wood Carving on Large Bowls, and gave practical example on how it was done. Many thanks to those demonstrators.

Hands On was available for anyone wanting it, and several students from the College participated.

The Competition for best thing turned this year (Presidents Trophy) was won again for the second year in a row by Keith Stout with a 24" Jarrah Platter. Well done Keith.

The Ladies choice prize was won by Bill Botman. Door price won by Dick Morley.

All prizes were donated by Cross Electrics. Thank you.

The Show and Tell Table drew large entries and was ably conducted by Digger Constant, and it was reported that he did a "Honey" of a job. Many Thanks.

An excellent barbecue was held Saturday evening, following by 2 films on chainsaw safety, maintenance and sharpening, two very good informative films which will be included in our Video Library in the very near future.

Our usual AGM Meeting took up most of Sunday with Geoff Barkla being elected President, John Lathwell and Cyril Jones being elected to the committee for the next 2 years. A Standing Ovation was given to Retiring President and Secretary, Keith and Pam McQueen. A presentation of keys to the Bunbury Group for the new trailer built by Malcolm Fenn Engineering was made by Phil Smith MLA for Bunbury and a hand turned lamp by Brian Launer was presented to Phil. A give of 6 place mats was given to Keith and Pam from 4 groups within the South West for help given to form Groups in Busselton, Bunbury, Collie and Mandurah.

A Special Prize was given to Digger Contact for his latest entry to the newsletter.

Special Thanks to Bill Botman, Pam, Sherry, Dick Leggo, John Lathwell, and Peg Stout.

All in all an enjoyable weekend and many thanks to a willing band of men and women who helped me to run this meeting.

MIDVALE MEETING

This meeting is to be held at the new premises of Cross Electrics in Stanhope Gardens, Midvale.

This will be a mainly hands on meeting with the emphasis on participation.

Ivor Bridges will be giving instruction and assistance with tool sharpening.

Keith Stout will be instructing on hollowing out bowls.

Keith McQueen will be there to assist with skew work.

It is hoped that a feature of the weekend will be a demonstration of french polishing by an expert in the field.

For the ladies it is hoped that a trip to local historic buildings will be possible.

It will be a very full weekend starting at 9.0am sharp on Saturday, 22nd. October.

A special table will be set aside for 'swap and sell' so bring out all those special tools and gadgets that you can't do without but have no further use for!

Evening meal:- Webber Kettle Roast Beef. Please bring a salad plate. A barbeque will also be available for those who wish to bring their own meat.

Competition:- OPEN Thin turning either a 3" or more tall goblet or a 3" diameter or larger bowl.

NOVICE Any thin turning.

Phoenix Park Shopping Centre Show

The next Shopping Centre Exhibition, Demonstration and Sales is to be held at Phoenix Park Shopping Centre in Spearwood. This is a very large and modern centre and should do very well. All members entering the show are required to have their detailed lists with Ern Margetts by FRIDAY, 4th November. Now that the centres are open on Saturday afternoons we are setting up on Sunday, 6th November, starting at 8 a.m., and all stock must be delivered at that time and set up ready for the start on Monday morning, 7th November. The show will finish at 5 p.m. on Saturday, 12th November, and all items to be picked up at that stage. As we are the Woodturners' Association, all articles accepted must have some turning involved. Demonstrations and other helpers are asked to contact me to be part of the roster. Don't forget to bring your wives, we can use their help.

TO MULLEWA AND BEYOND

Our party of 14 met at Mullewa on 23 August to venture north to Byro Station in search of wood of course).

Besides Ron and myself there were Bill and Francis Botman, Florence and Gerry Vermeulen Dot and Dudley Kirk, Audrey and Mick Dunne, Bob Adams, Wayne Mulholland and most important of all Frank (our guide) with his wonderful dog Derby. To our consternation Keith and Pam McQueen were unable to join us owing to car trouble. We felt bereft as though we'd been thrust into the wide world without our mum and dad.

I think everyone should meet a Frank in their lifetime! Born on Byro Station in 1902 this dignified, fine old man, with his wandrous tales of a past era kept up with the best of us despite having just recovered from a stroke. At the campfires at night we listened avidly to his stories, which Wayne managed to extract from him for he was not one to hold sway with useless chatter.

We learnt to smile and accept distances from Frank's laconic "just a bit further up the track". Sunrise and sunset also became our time pieces and how delightful it was! And the wonderful nights round the campfires of roaring crackling old mulga (no good for turning) the stark moonlight and starlight nights, crisp cold atmosphere causing us to huddle close scorching our fronts and freezing our never-minds.

We remember the amusing incidents too! The journeys to our own personal TOOT equipment with Dudley's shovel, setting up and dismantling camp, Wayne's constant ribbing and 2 footed bulls scaring the life out of us, Audrey's almond and apricot jelly and Dot's sugared sherry (ask Wayne).

We worked hard too, believe you me, - lugging, dragging, stacking, loading and seizing on every piece of timber like some treasure from King Solomon's Mines. And wasn't it treasure guys - Beefwood, Sandalwood, Desert Pine, Cork or Snakewood?

A truly wonderful time was had by all and we thank Wayne and Cheryl for their marvelous hospitality and also Wayne and Frank for all the effort, time and companionship we had. I'd go again. Yes Sir!

Bi-CENTENNIAL EXHIBITION OF EXCELLENCE

The germ of the idea for our Association to participate and contribute to the Bi-Centennial celebrations originated in the mind of Ivor Bridges. After many weeks of planning, discussions and plain hard work and largely due to the organisational skills of Geoff Barkla, with his committee, and also his wife Gaye, it culminated in the "West Australian Woodturners' Association's Display of Excellence" using West Australian Woods", being held from 29th August until 10th September, 1988, in the magnificent setting of the foyer of Allendale Square and it was certainly the best exhibition of woodturning ever held in Western Australia. The security staff employed at the centre were most co-operative at all times and all stated it was the greatest show ever in their building. Bunnings promotion was very worthwhile, both their financial grant and their loan of two jarrah garden settings. The display stands which were borrowed from the hills groups were ideal for the occasion and gave the exhibition the necessary appearance.

The standard of work on display was a credit to the exhibitors and reflected the variety of skills and interests amongst our members. It was also proof of the great advances made in both quality of craftsmanship and design since our humble beginnings barely three years ago.

The display attracted many favourable comments not only from West Australian members of the public, but also from Eastern States and overseas visitors. Comments such as 'outstanding', 'excellent', 'magnificent' and similar, were common.

Members of the Association who were on duty during the period did an excellent job moving around amongst the visitors and discussing many details with them. Congratulations to the Association!

Dear Member,

The Management Committee is looking at various ideas to improve and widen the range of social activities, and ensure that Association events retain, and indeed gain in interesting activities.

For this reason a survey is being conducted so that the committee may understand the members needs, and make sure of the very wide range of expertise which is contained within the Association membership.

To assist in this matter would you please fill in the attached form and return to:
